LARGE MINING OPERATIONS PROGRESS REPORT

January 1, 2010 to December 31, 2010

The information required in this form is based on provisions of the Mined Land Reclamation Act, Title 40-8, and the R647 rules under the Utah Minerals Regulatory Program.

1. Mine Permit Number: M0110003
2. Mine Name: UDOT BECK STREET QUARRY
3. Name of Operator/Permittee: UTAH DEPARTMENT OF TRANSPORTATION

Note: If Operator's address, company representative or phone number have changed, please provide a replacement page for the Notice of Intention together with form MR-REV available on the Division's web page at https://fs.ogm.utah.gov/pub/mines/minerals_related/forms/MR-REV.pdf.

4. Report the gross amount of ore mined and waste moved:

Gross Ore Mined 0 Tons, or 0 yd³
Waste Material Moved 0 Tons, or 0 yd³

5. Disturbance at the end of 2009 0 Acres
New Disturbance Created during 2010 0 Acres
Area Reclaimed and Fully Released during 2010 0 Acres
Total Disturbed Area at the end of 2010 0 Acres*
Permitted/Bonded Acreage 0 Acres
*The total disturbed area should not be greater than the permitted/bonded acreage

6. Briefly describe the reclamation work performed during the past year. (Submit form MR-SITE (https://fs.ogm.utah.gov/pub/mines/minerals_related/forms/MR-SITE.pdf) to apply for full or partial bond/site release). Attach additional sheets if needed.

NO MINING. BASE OF SITE USED FOR TEMPORARY
CONCRETE BATCH PLANT.

7. For large mines, include an updated map depicting surface disturbance and reclamation performed during the year (Rule R647-4-105).

I hereby certify, under penalties of law, the information provided in this report is true and correct to the best of my knowledge and belief.

Name (Typed or Print): L. Scott Nussbaum
Title of Operator: REGION MATERIALS ENGINEER
Signature of Operator: [Signature]
Date: 1/31/11

DIV. OF OIL, GAS & MINING

Large Mining Progress Report, 2009

UDOT Beck Street Quarry

Mine Permit Number: M0110003

Description:

UDOT has not engaged in mining operations on the site. However, UDOT allowed Geneva Rock to place a portable concrete plant on this site for nearby construction of roadways. The associated operation resulted in the regrading of approximately or reactivation of roadways within an area of approximately 2.7 acres in 2009. Crushed rock and sand were imported to sustain these operations, but onsite material has not been used or exported, only regraded as a working platform.

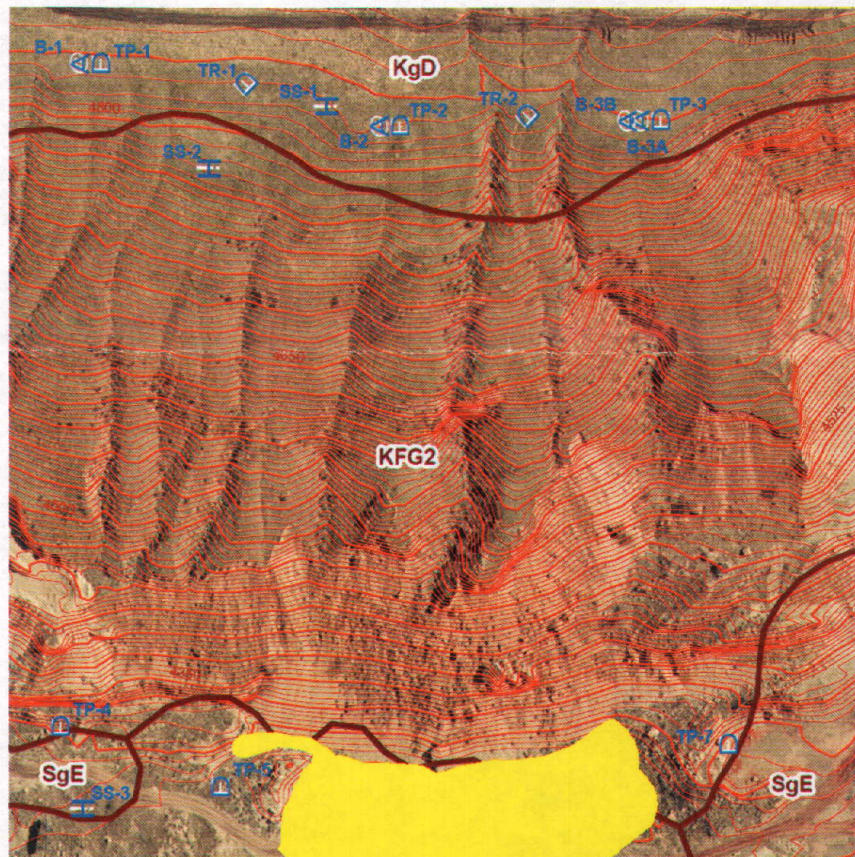

At the end of 2010, the portable concrete batch plant was removed as was the excess imported gravel and sand. The base area of the quarry was partially regraded in preparation for revegetation / stabilization.

January 2010

January 2011

Area used for Batch Plant in 2010: Approximately 2.7 Acres
